PROFESSIONAL SUMMARY

UI/UX and Product Designer with 3.5+ years of experience across 24 web and mobile products, primarily in government, education, and research. Specializes in complex workflows, user research, interaction design, and scalable Figma design systems, with hands-on AI-assisted front-end development using Claude Code.

WORK EXPERIENCE

Mid UI/UX Designer — PCI Tech Center, Manila, PH, May 2024 – October 2026

- Led end-to-end UI/UX design for **10** web and mobile products, including enhancement phases for **2** platforms first designed in 2023–2024, translating client requirements into user flows, prototypes, and development-ready interfaces delivered within **1–2** days of each request.
- Conducted moderated usability and role-based testing across **4** platforms, redesigning key workflows to reduce task steps by up to **60%**.
- Designed and built front-end interfaces for **2** applications using Claude Code, supporting one production launch and one client pilot.
- Established a Figma design system with **40+** documented components and light/dark variants, standardizing UI patterns across **100+** screens.
- Delivered a 3D training game's UI/UX design package, interactive prototype, and brand guidelines within **3** days, ahead of schedule.

Junior UI/UX Designer — PCI Tech Center, Manila, PH, March 2023 – May 2024

- Designed **1,000+** screens across 16 client products, producing wireframes, prototypes, and high-fidelity web and mobile interfaces.
- Collaborated with project managers and developers to clarify requirements, prepare implementation-ready specifications, and review developed interfaces.
- Delivered developer-ready handoffs within **1–2** days of requests; co-facilitated a UI/UX workshop introducing interns to design workflows and tools.

EDUCATION

BS in Information Technology, Cum Laude — STI College Novaliches, Quezon City, PH, June 2018 – August 2022

SKILLS

- **UX & Product Design:** User Research, Usability Testing, User Flows, Information Architecture, Interaction Design, Wireframing, Prototyping
- **UI & Design Systems:** User Interface Design, Responsive Design, Component Libraries, Design Systems, Design Documentation
- **Front-End Development:** HTML5, CSS3, JavaScript, React, Tailwind CSS, Sass/SCSS, Bootstrap
- **Tools & Collaboration:** Figma, Claude Code, Jira, Git, Visual Studio Code, Agile/Scrum, Developer Handoff

CERTIFICATIONS

- Data Analytics Level III Training Program — TESDA, September 2026
- UX Design Professional Certificate — Microsoft, September 2026
- Generative AI Fundamentals Specialization — IBM, April 2025
- Agile 101: Scrum Framework Fundamentals — PCI Tech Center, March 2024
- Civil Service Honor Graduate Eligibility — CSC, January 2023

AWARDS

- **Innovations in Action Award**, December 2025: Recognized for integrating emerging technologies into development workflows.
- **Agility Award**, December 2025: Recognized for adapting to project changes and meeting tight deadlines.
